DOCKEE

DOCKEE / MARINE COLLECTION

Make the water part of the yacht.

Floating decks, pools and marine furniture for life at anchor.

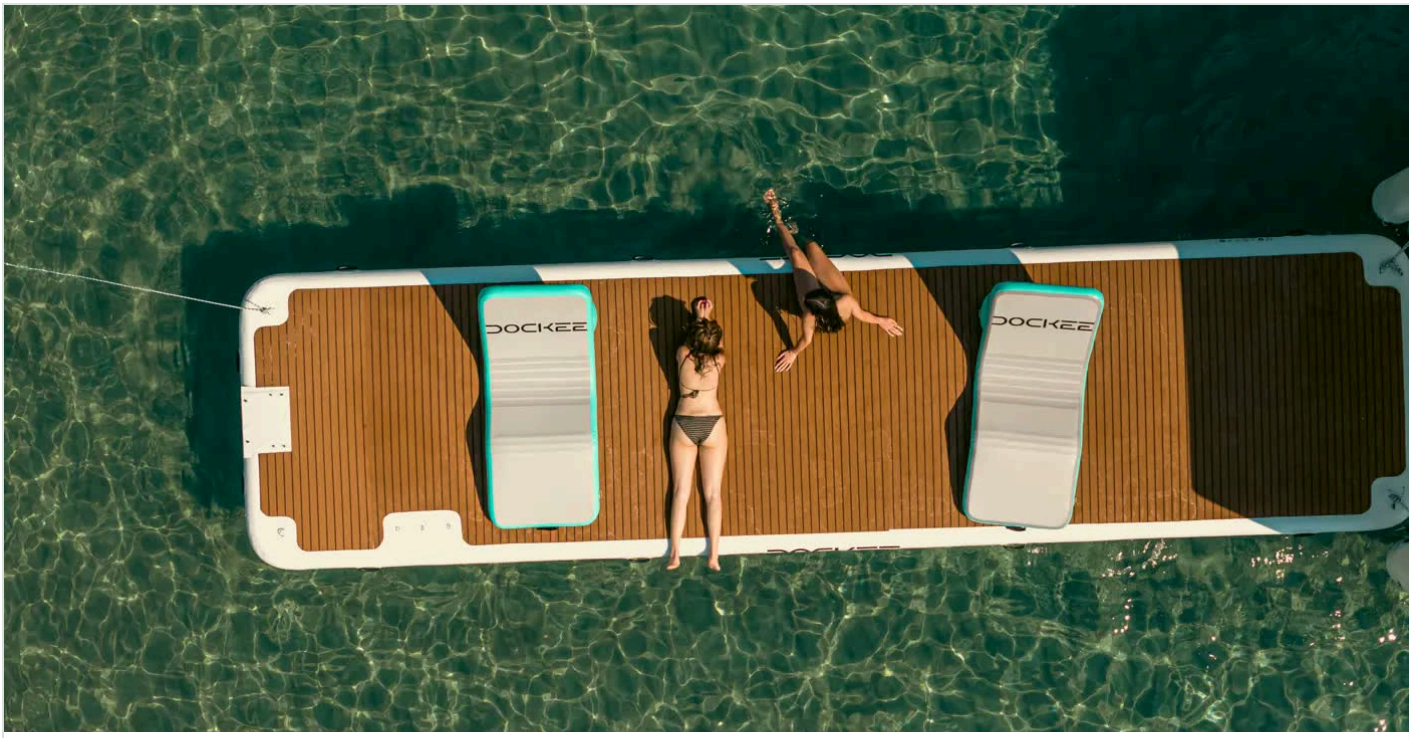

THE COLLECTION

Platforms **Pools** **Toy docks** **Lounge** **Yacht slides** **Paddleboards** **Accessories**

01 / FLOATING PLATFORMS

More room on the water.

An inflatable deck with a teak-look finish. Choose a footprint for an extra swim step, a sun deck or a larger lounge alongside the yacht.

Premium Teak Platform

Four footprints, one consistent teak-look finish.

Model	Inflated footprint	Packed size	Approx. weight[1]
2.05 m ↗	205 × 205 cm	50 × 50 × 40 cm	22.3 kg
4.10 m ↗	410 × 205 cm	70 × 53 × 43 cm	36 kg
6.16 m ↗	616 × 205 cm	90 × 60 × 45 cm	50 kg
8.20 m ↗	820 × 205 cm	105 × 65 × 55 cm	61 kg

[1] Approximate weights include the carry bag where shown. Confirm working limits, supplied equipment and module compatibility before ordering.

A place to swim off the stern.

A floating perimeter and a submerged net define the swimming area. Choose the footprint around the yacht's access points and the deck space you want to keep clear.

Ultimate Yacht Pool configuration

Check the outer footprint, clear swim opening and net depth separately.

Model[2]	Outer footprint	Approx. weight[1]
Deluxe 4.10 m ↗	410 × 410 cm	47 kg
Deluxe 6.20 m ↗	616 × 410 cm	61 kg
Deluxe 8.20 m ↗	816 × 616 cm	77 kg
Ultimate 6.16 m ↗	616 × 616 cm	142 kg

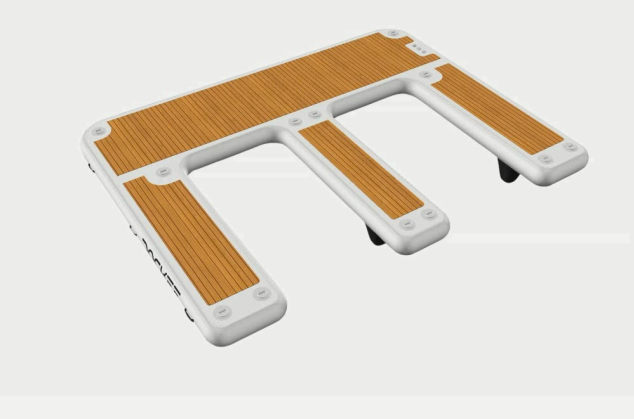

[1] Approximate weights include the carry bag where shown. Confirm the clear opening, net specification and configuration for the selected model. Swimmers should always be supervised.

[2] Model names follow the DOCKEE range; the outer footprint is the measured size (the Deluxe 6.20 m, for example, measures 616 × 410 cm).

03 / WATER-TOY DOCKS

Keep the toys within reach.

Give personal watercraft and boards a dedicated place at the waterline, with a layout chosen around your equipment and the available space.

Jet Ski Duo Park 4.10 m

410 × 300 cm · approx. 33 kg[1]

A dedicated dock with two parking bays for compatible personal watercraft. Check the craft width and the space available beside the yacht.

View product ↗

Double Toy Dock 3.10 + 4.10 m

410 × 205 cm + 308 × 155 cm · approx. 60 kg[1]

A two-module layout that pairs a floating deck with a separate space to park water toys. The measurements shown are for the individual modules.

View product ↗

C-Dock

200 × 150 cm · approx. 12 kg[1]

An open-sided dock to park a compatible jet ski or Seabob close to the yacht. Confirm craft fit and how it will be secured.

View product ↗

E-Foil Ramp

200 × 200 cm · approx. 19 kg[1]

A dedicated entry and exit point for compatible e-foils. Check board clearance and the position of the foil before choosing a layout.

View product ↗

[1] Approximate weight includes the carry bag. Product illustrations may show watercraft or accessories for context.

04 / MARINE LOUNGE

Settle in by the water.

From one sculpted sun lounger to a full floating lounge, choose pieces around how guests will spend the day.

Single Luxe Daybed

160 × 80 cm · approx. 13 kg[1]

A one-person daybed for a quiet spot on deck, on a compatible platform or by the pool.

View product ↗

Twin Luxe Daybed

220 × 150 cm · approx. 19 kg[1]

A double daybed for sharing a stretch of deck or arranging a lounge at the water's edge.

View product ↗

Signature Sun Lounger

160 × 75 cm · approx. 6 kg[1]

A sculpted lounger with a low silhouette, designed for an open sun deck or poolside setting.

View product ↗

Relax Corner

160 × 65 cm · approx. 19 kg[1]

A curved seating module that gives a compact lounge layout a defined corner.

View product ↗

Prestige Lounge

410 × 355 cm platform · optional canopy 500 × 430 cm

A floating lounge with room to gather. Ask about the optional canopy and the deck arrangement shown for your configuration.

View product ↗

Water Hammock

250 × 290 cm · approx. 11 kg[1]

A floating frame with a mesh centre that lets you recline at water level.

View product ↗

[1] Approximate weight includes the carry bag. Confirm optional equipment with your order.

05 / YACHT SLIDES

From deck to sea.

Choose a slide around the yacht's mounting location. Deck height, attachment points and the space needed for a clear landing all affect the fit.

Aqua Yachtslides

Send a photo of the mounting area and its height above the waterline to start a fit review.

Listed size range	Total height · slide length
Compact 175–215 cm ↗	245 cm · 300 cm
Aqua 270–350 cm ↗	365 cm · 484 cm
Aqua 460–540 cm ↗	635 cm · 853 cm
Aqua 620–700 cm ↗	On request[2]
Aqua 700–780 cm ↗	On request[2]

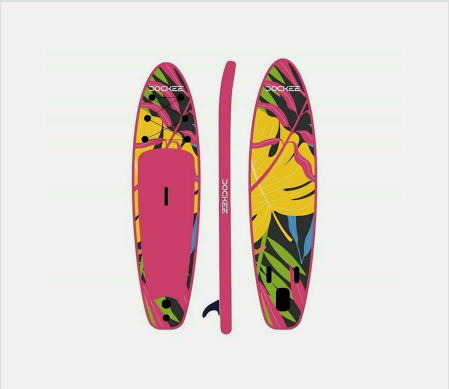

The ranges above identify product variants; heights and lengths are as listed on each product page. Confirm installed height, attachment and operating conditions with the DOCKEE team, and check the water depth at the landing before use.

[2] The 620–700 cm and 700–780 cm ranges are available on request; total height and slide length are confirmed during the fit review.

06 / STAND-UP PADDLEBOARDS

See the anchorage from the water.

Six designs in the inflatable 10′6″ stand-up paddleboard range, each 320 × 80 × 15 cm. Check the model page for full specifications and the current accessory package.

Luna

A pink deck with a colourful graphic.

07 / ACCESSORIES

Set up for the day.

Add boarding, connection, comfort and inflation equipment to suit the specific products in your layout.

AquaStair Ladder Set

4 steps · approx. 95 cm reach below the waterline

A marine-grade 316 stainless steel boarding ladder for compatible DOCKEE platforms and the Prestige Lounge. Confirm how it attaches and the boarding position for your setup.

View product ↗

AirLink Tube

200 × 30 cm

An inflatable connector that joins compatible DOCKEE platforms, ramps and pools with built-in straps. Confirm how many connectors your layout needs and where they go.

View product ↗

Air Cushion

50 × 20 cm

An inflatable bolster that attaches to DOCKEE platforms with hook-and-loop straps for extra comfort on deck.

View product ↗

Air Pump 500 W

500 W · 230 V (EU)

A compact electric pump for loungers, cushions and smaller platforms. Check the valve adapter and inflation procedure for your product.

View product ↗

Air Pump 1200 W

1200 W · 230 V (EU)

A more powerful electric pump for larger platforms and pools. Confirm the power supply on board and product compatibility before ordering.

View product ↗

TAILOR-MADE / TRADE

Plan your setup with DOCKEE.

Fitting out a yacht, charter fleet, marina or beach club? Share a deck plan or photos, the space available and how guests will use it. The DOCKEE team can help you choose a layout and confirm current options.
